

## CPD Seminar details

Title: ***Engineering Systems for waterproofing solutions above and below ground***

### Seminar details

- Below ground tanking systems
  - Bituminous Membranes
  - Hydrophilic Membranes
  - Gas Barrier Membranes
  - Application details
- Waterstops
  - PVC Waterstops
  - Hydrophilic Waterstops
  - Application details
- Cavity Drainage Systems
  - Walldrain
  - Slabdrain
  - Application details
  
  - DPCs & Cavity Tray Systems
  - Types of dpc
  - usage and application

### Duration

45 minutes + time allowed  
for questions and discussion

Handouts will be available at the seminar and will include,  
samples literature and certificates of attendance

### Contact details

Alan Pearson - South East  
Pat Spellman -South West  
Mike Tierney - Greater London  
Graham Baker - North
